Agriculture, Ecosystems and Environment, 37 (1991) 331–332
Elsevier Science Publishers B.V., Amsterdam

Author Index

Cilliers, C.J. (Pretoria, South Africa)
Biological control of water hyacinth, *Eichhornia crassipes* (Pontederiaceae), in South Africa 207
Biological control of water fern, *Salvinia molesta* (Salviniaceae), in South Africa 219
Biological control of water lettuce, *Pistia stratiotes* (Araceae), in South Africa 225
Cilliers, C.J. and Neser, S. (Pretoria, South Africa)
Biological control of *Lantana camara* (Verbenaceae) in South Africa 57
Dennill, G.B. (Pretoria, South Africa) and Donnelly, D. (Stellenbosch, South Africa)
Biological control of *Acacia longifolia* and related weed species (Fabaceae) in South Africa 115
Donnelly, D., *see* Dennill, G.B. and Donnelly, D.
Gordon, A.J. (Stellenbosch, South Africa) and Kluge, R.L. (Pietermaritzburg, South Africa)
Biological control of St. John's Wort, *Hypericum perforatum* (Clusiaceae), in South Africa 77
Hall, J.K., Mumma, R.O. and Watts, D.W. (University Park, PA, USA)
Leaching and runoff losses of herbicides in a tilled and untilled field 301
Hoffmann, J.H. and Moran, V.C. (Rondebosch, South Africa)
Biological control of *Sesbania punicea* (Fabaceae) in South Africa 157
Kluge, R.L. (Pietermartizburg, South Africa)
Biological control of crofton weed, *Ageratina adenophora* (Asteraceae), in South Africa 187
Biological control of triffid weed, *Chromolaena odorata* (Asteraceae), in South Africa 193
Kluge, R.L. (Pietermaritzburg, South Africa) and Neser, S. (Pretoria, South Africa)
Biological control of *Hakea sericea* (Proteaceae) in South Africa 91
Kluge, R.L., *see* Gordon, A.J. and Kluge, R.L.
Maller, R.A., *see* Taylor, G.B. et al.
Moran, V.C. (Rondebosch, South Africa) and Zimmermann, H.G. (Pretoria, South Africa)
Biological control of jointed cactus, *Opuntia aurantiaca* (Cactaceae), in South Africa .. 5
Biological control of cactus weeds of minor importance in South Africa 37
Moran, V.C., *see* Zimmermann, H.G. and Moran, V.C.
see Hoffmann, J.H. and Moran, V.C.
Morris, M.J. (Stellenbosch, South Africa)
The use of plant pathogens for biological weed control in South Africa 239
Mumma, R.O., *see* Hall, J.K. et al.
Neser, S., *see* Cilliers, C.J. and Neser, S.
see Kluge, R.L. and Neser, S.
Olckers, T. (Uitenhage, South Africa) and Zimmermann H.G. (Pretoria, South Africa)
Biological control of silverleaf nightshade, *Solanum elaeagnifolium*, and bugweed, *Solanum mauritianum*, (Solanaceae) in South Africa 137

Rossiter, R.C., *see* Taylor, G.B. et al.
Schoonbee, H.J. (Johannesburg, South Africa)
Biological control of fennel-leaved pondweed, *Potamogeton pectinatus* (Potamogetonaceae), in South Africa 231
Taylor, G.B., Maller, R.A. and Rossiter, R.C. (Wembley, W.A., Australia)
A model describing the influence of hard seededness on the persistence of an annual forage legume, in a ley farming system, in a mediterranean-type environment 274
Van der Eerden, L.J. (Wageningen, Netherlands)
Fluoride content in grass as related to atmospheric fluoride concentrations: a simplified predictive model 257
Watts, D.W., *see* Hall, J.K. et al.
Zimmermann, H.G. (Pretoria, South Africa)
Biological control of spear thistle, *Cirsium vulgare* (Asteraceae), in South Africa 199
Biological control of mesquite, *Prosopis* spp. (Fabaceae), in South Africa 175
Zimmermann, H.G. (Pretoria, South Africa) and Moran, V.C. (Rondebosch, South Africa)
Biological control of prickly pear, *Opuntia ficus indica* (Cactaceae), in South Africa) ... 29
Zimmermann, H.G., *see* Moran, V.C. and Zimmermann, H.G.
see Olckers, T. and Zimmermann, H.G.
